

Polio Vaccine Program Starts Here March 3

The Sabin Oral Polio immunization program, sponsored by the Hempstead County Medical Society, will be carried out in March and June, it was announced today by Mrs. Lura Mae Impson, chapter chairman.

Type I will be given Sunday, March 3.
Type II will be given Sunday, April 21.
Type III will be given Sunday, June 16.

All three types are needed for complete immunity. A small fee of 25 cents per person will be charged to cover cost of the vaccine. However, no one will be turned away.

Polio clinics will be set up in Hope at the National Guard Armory and in schools at Washington and Blevins. Please go to the clinic nearest you. Should you be away from home you will be able to get the vaccine at any of the clinics.

The clinics will be opened from 1 p.m. till 5 p.m.

The vaccine is in liquid form and will be given orally. A doctor nurse and a pharmacist will be present at all three clinics.

It is the hope of the Hempstead Medical Society and the County Chapter of the National Foundation that everyone take advantage of this opportunity to help stamp out polio.

NO NEED FOR WINGS — An artist's conception of the manna, wingless space vehicle, the H-2 "lifting body," shows the craft as it leaves the vicinity of the earth to rendezvous with a manned space station. Conceived and proved feasible by scientists at the NASA Ames Research Center at Moffett Field, Calif., the "lifting body" is designed to attain aerodynamic stability and lift from a body alone, eliminating the need for wings. It is maneuverable for more than 1,000 miles and can be landed like a conventional plane.

Cold Weather Covers Much of Nation

By THE ASSOCIATED PRESS

Frigid weather covered broad areas from the Mississippi River to New England and into the Southeast today. Freezing temperatures chilled northern Florida. Snow tapered off in most sections of the South and East after dumping from 3 to 7 inches in South Carolina northward over North Carolina and Virginia. Driving conditions were hazardous in many parts of the three states. Snow also ended in West Virginia, Tennessee and Kentucky.

The cold air belt, with temperatures far below zero in many areas, extended from northern sections of Illinois and Indiana and Ohio through Pennsylvania, northern New York into northern Maine.

Temperatures moderated in the cold-plagued regions of the northern Midwest but another batch of arctic air appeared on the way. The 35 reading in Huron, S.D., compared to -8 Tuesday morning. The mercury dropped to 25 below zero in Old Town, Maine, and to an unofficial -24 in East Poesfort, N.Y. It was -18 in Bradford, Pa.; -17 in Fort Wayne, Ind.; -13 in Watertown, N.Y., and Burlington, Vt.; -10 in Glens Falls, N.Y.; -9 in Columbus, Ohio, and -8 in Elmira, N.Y.

Anchorage, Alaska reported a low of 36 above.

In the Southeast, snow fell in Charleston, S.C. Television station WIS in Columbia, S.C., was cut off the air due to a power shortage because of the heavy snow. It was 10 in Nashville, Tenn., and Asheville, N.C., 16 in Atlanta and 32 in Tallahassee, Fla. It was 36 in Miami.

Christians Observe Ash Wednesday

NEW YORK (AP) — Ash Wednesday ushered in the Lenten season for Christians around the world today.

The 40-day period of fasting and penitence—with Sundays excluded—will end on April 14, Easter, the most joyous holiday on the Christian calendar.

Christ's days in the wilderness, his Crucifixion and his days in the tomb are highlighted in church observances.

Roman Catholics, Orthodox church members, many Episcopalians and members of some other denominations today receive from their priests and pastors a cross of ashes marked on the forehead. At many of the observances, the faithful are reminded: "Remember, man, that thou art dust and unto dust thou shalt return."

During Lent, contrition and self-denial are stressed as repentance for the sins of mankind. Christians of many denominations are urged to perform positive acts of devotion, to attend church services, to take communion, to read, to meditate, to give to others—in Time, money and labor.

Flu Waning Somewhat in Certain Areas

By THE ASSOCIATED PRESS

The wave of Asian flu and influenza-like respiratory ailments is waning in some areas, but is continuing its slow westward movement across the nation.

"The latest and about the only recent trend is westward," said a spokesman at the U.S. Public Health Service's communicable disease center in Atlanta.

The CDC said outbreaks of influenza-like illness have been confirmed in 29 states and the District of Columbia. Asian flu has been confirmed in the District of Columbia and 17 states, including Kentucky, whose health department reported late Tuesday that the Asian virus had been isolated there.

On the other hand, school authorities at St. Louis said absenteeism is declining. City health officials noted a drop in hospital care for flu patients.

North Carolina officials said Asian flu cases are increasing in the western portion of the state and decreasing in eastern sections. About 2,000 new cases were reported Monday and there are indications the 5-week-old epidemic will hit a peak this week.

Warns Russia Will Come to Aid of Friends

By ROBERT TUCKMAN

MOSCOW (AP) — Premier Khrushchev warned today that the Soviet Union "would come to the aid of its friends" should the West launch any attack on Cuba or Red China.

"The imperialists must know," he told an election rally in the Kremlin, "that if they unleash a new atomic war they will themselves be burned in the fires of that war."

Thus we went a step beyond Defense Minister Malinovsky, who threatened the United States with atomic war in a speech Friday if an attack was launched on Cuba. Khrushchev extended this to include Red China, saying it was being menaced from Formosa.

He seemed to be making another overture to Peking, with which Moscow is locked in an ideological dispute over how to advance the cause of communism in the world.

The premier also took a firm stand on the question of nuclear disarmament. He declared the Soviet Union will never go beyond its offer of two or three on-site inspections a year under a treaty to ban nuclear testing.

Khrushchev accused the United States of dragging out negotiations at Geneva, then mentioned the two to three inspections annually which the United States considers far too few.

"Nothing else can be expected from us," he said.

Khrushchev declared earlier in his speech that "in the age of rocket-nuclear weapons, the policy of peaceful coexistence is the only sensible policy."

Charyk Is Expected to Be Named

By JOSEPH E. MOHAT

WASHINGTON (AP)—President Kennedy was expected to announce today the selection of Undersecretary of the Air Force Joseph V. Charyk to head the new U.S. commercial communications satellite firm.

Charyk, holding 42-year-old son of a Canadian railroad worker, will take over a post that carries a salary of at least \$100,000 a year, say sources close to the Communications Satellite Corporation.

Although he declined to comment Tuesday night on advance word of his selection, his excited wife, Edwina, gave the story away to a newsman with: "Oh, my goodness! That was supposed to be announced by the President tomorrow!"

Friends of Charyk—a recognized master in the field of high speed flight and jet propulsion—said he is tremendously excited over the impending task.

That task is to create a federally sponsored but privately owned company to launch—via space satellites—a commercial communications business. Congress approved it last year. The firm was incorporated Feb. 1.

A native of Canmore, Alta., Charyk gathered engineering and physics degrees from the University of Alberta and California Institute of Technology. Two years after winning a doctorate at Caltech, he became a U. S. citizen in 1948.

Kiwanians Hear Brotherhood Talk

The Rev. W. R. Woodell, pastor of First Baptist Church of Prescott, was guest speaker before Hope Kiwanis club Tuesday in observance of "Brotherhood Week."

"Religion should unite us, but because of various beliefs of non-Christians numbering more than a billion persons, much of the world is torn by strife and unrest," the speaker declared.

He pointed out that one third of the world is communist; another third if lined up with America, and that the other third was unsettled and torn between the American way of life and communism.

The program was arranged by Dr. George Ballentine. Guests included Hattie Butler and Jerry Horn.

Mariner Discovers Nothing Like Earth Life Could Ever Exist on the Planet Venus

By JOHN BARBOUR
AP Science Writer

WASHINGTON (AP) — On earth's dead sister, Venus, it must be a lonely, dark world of dry, sandy desert with 800-degree heat. And above, always the burden of heavy, nearly waterless clouds.

Such was the grim picture scientists gave Tuesday from the reports of radar contact from earth and the close-up look by space-exploring Mariner II.

There was certainly no hope for life on the surface if the temperatures indeed were 800 degrees Fahrenheit — 200 degrees higher than the melting point of lead, nearly 600 degrees higher than the boiling point of water.

But perhaps up above—in those dark clouds, there was still a chance for some simple form of life, National Aeronautics and Space Administration scientists said.

Radar beams aimed at the planet from earth—while Mariner was heading for its rendezvous last Dec. 14—seemed to feel out a sandy or dusty surface on Venus.

That doesn't preclude the possibility that there are molten pools or lakes on the planet, too.

The intense heat on Venus is caused by two factors—the nearness to the sun, and probably to a greenhouse effect.

Just as the panes of glass in a greenhouse admit sunlight but keep in heat, so is the heat retained on Venus—probably by carbon dioxide in the atmosphere.

The clouds probably shield Venus' surface from some of the sun's radiation. To a person standing on the surface, there would not be too much difference from the sunlit to the dark side of the planet.

Radar encountered a bright spot—just 7 o'clock on the disc it observed, and near the center. This bright spot might be a surface feature of some kind—perhaps a mountain or ocean.

Mariner, in flying by at 21,000 miles, also found a strange break in the uniformity of the clouds that shroud the planet. That was a sudden and definable cold spot in the clouds near the planet's south pole. It might also mean that some large surface feature lies beneath, a scientist speculated, perhaps a mountain.

As for the clouds, they might range from 45 miles above the surface of the planet to 60 miles at their highest.

The clouds are likely a sort of smog—a layer of condensed hydrocarbons, a scientist speculated.

So the space agency panel of scientists, reporting on Mariner II, gave an epitaph to the idea that earth and Venus were twin sisters in space. They are similar in size, and neighbors in space, but there the similarity ends.

Winds Bring Warm Air to State

By THE ASSOCIATED PRESS

Light southerly winds wafted into Arkansas this morning bringing warmer temperatures.

Overnight lows ranged from near 20 in the eastern portion of the state to the low 30s in the extreme northwest.

The warm southern air moving in from the Gulf of Mexico was expected to send temperatures still higher today and tonight.

With passage of the front, however, temperatures were expected to drop and showers were predicted along the low pressure system now extending from the gulf to western Kansas.

Temperatures were expected to average 5 to 10 degrees below the normal highs of 51 to 64, during the next five days. Warmer temperatures were expected by Saturday, but more cold weather was predicted for the first of the week.

Visitation Days Planned by the C of C

The Hope Chamber of Commerce will sponsor trade area visitation days every Wednesday during the month of March. The purpose of these visits, according to President Masekell Jones, is to show the residents in the trade area that we appreciate them coming to Hope to shop and secure professional services.

Upwards of 12,000 folks live in the immediate trade area and it is important to the economy of Hope that they be shown appreciation. Every business in Hope should prepare to send at least one representative on all 4 trips.

From 2 to 6 towns and communities will be visited on each trip with luncheon served by a group in a school or R.C.I. building. The first trip will cover the northern part of the county. Co-chairman Judge Orin Byers and Bud Collier have arranged for the caravan to leave at 10:30 a.m. Wednesday, March 6, after forming at Third and Main.

The first stop will be DeAnn at 11 a.m. for coffee and conversation with local folks. At 11:30 the caravan will stop in Blevins and visit Harold Stephens' Land-O-Lakes Egg Farm in conjunction with National Egg Month.

Luncheon will be served by the McCaskill RCI group at 12:30 and an extra fine meal is being planned. After a brief program, visits will be made to farms and homes in McCaskill before moving on to Ozan at 2:30 and Washington at 3. This will be the longest trip of the month and will cover more towns than any other.

The following Wednesday caravans will go to Palm Springs, Hill on March 13. Fulton, McNab, Saratoga, Okay, and Columbus on March 20; Rosston, Bodcaw, on March 27. Announcements on these trips will be made by the co-chairmen.

All persons who go on the caravans will be introduced to host community by name and firm they represent during each luncheon.

Rockefeller Issue May Have Backfired

By JOHN R. STARR

LITTLE ROCK (AP) — The legislative dispute over whether Winthrop Rockefeller should be declared a "hero" or ousted from the Arkansas Industrial Development Commission moved behind the scenes Tuesday.

It may stay there for a while. Several lawmakers said privately that pro-Rockefeller messages are flooding in from Chamber of Commerce, industrial and business leaders in their home towns.

The Faubus administration reportedly was having misgivings because the controversy broke out at all.

At any rate a pro-Rockefeller resolution remained in a parliamentary trap in the House without any real effort by its backers to bring it to a vote.

The author, Pulaski County Rep. J. H. Cottrell Jr., indicated he may let the matter ride for a while. He said pressure is building up against the anti-Rockefeller faction, led by Perry County Rep. Paul Van Dalsen.

"The pressure's getting stronger all the while," Cottrell said. "We may just wait and see what happens."

While the Rockefeller teapot cooled, the House lost another area of controversy entirely when Ashley County Rep. N. B. Murphy withdrew permanently his so-called anti-gambling bill.

Murphy said crippling amendments adopted by the House last Friday destroyed the purpose of the bill and he could no longer vote for it. "I couldn't ask any

Civilians Overruled Military

WASHINGTON (AP)—The Senate investigations Subcommittee hearing on award of a huge contract for the TFX fighter-bomber warplane opened Tuesday with a remark by Sen. John L. McClellan, D-Ark. that Pentagon civilian chiefs overruled the military.

McClellan, chairman of the full Senate committee, said a purportedly cheaper and "far superior" design was offered for the craft.

The \$28 million contract went to General Dynamics Corp. of Fort Worth, Tex. The Defense Department estimates that the ultimate cost of the dual-purpose plane will be \$6.5 billion or more.

Although the hearing is being held behind closed doors, the subcommittee has voted to release censored transcripts of the testimony daily. The transcripts are short of any military secrets.

In the Tuesday transcript McClellan said a military evaluation group known as the source selection board, repeatedly favored a rival preliminary design submitted by the Boeing Co. of Seattle, Wash. Civilian superiors overruled the group, he said.

McClellan also said the Air Force evaluation found unanimously that the plane could be produced for \$100 million less by Boeing and that even at the lower cost, it would have "far superior operational capabilities."

These would include, he said, "a ferry range of over 1,000 miles more than the General Dynamics plane, a bomb carrying capacity more than 50 per cent larger and certain other features which were considered of great advantage."

McClellan said the subcommittee intended to determine if the award was made to General Dynamics an hour or so after he had asked Secretary of Defense Robert S. McNamara's office last December to abey action pending the inquiry of the subcommittee.

He said he had seen "hints and rumors" in newspapers of White House intervention in the contract, "but I've made no charge that the White House influenced the awarding of the contract."

McNamara, Secretaries Eugene M. Zuckert of the Air Force and Fred Korth of the Navy will be among later witnesses, he said.

The toughest thing about an office worker's vacation is getting along without a coffee break.

Recalls Fire That Guttled the Reichstag

EDITOR'S NOTE—Thirty years ago today, the Reichstag building in Berlin went up in flames. It setting off a chain of Nazi crimes against the world. On hand was a veteran AP correspondent who is now chief editor of The Associated Press' German language services in Europe. This is his story.

By RUDOLF E. JOSTE N

BERLIN (AP)—It was a fantastic sight. The huge glass dome of the Reichstag building was aglow.

There was a sudden explosion and the glass cupola burst into fragments. Flames shot into the wintry sky. Sixty fire engines raced to the blaze. Hundreds of police and brown-shirted Nazi storm troopers encircled the area. The time: about 10 p.m.—Feb. 27, 1933.

History books mark this as the incident the Nazis used to unleash their reign of terror that led finally to millions of dead in World War II.

Since that date, no German Parliament has sat in the Reichstag building. The Nazis used another building.

War wrought further damage. The old Reichstag has become a symbol of the cold war which divides Germany, prevents the formation of an all-German Parliament and keeps Berlin from regaining its status as capital of Germany.

Today, the Reichstag stands within yards of the Berlin wall built by the Communists who now occupy half the old capital and half of Germany.

That night the storm troopers refused to let me through although I showed my press pass. "I'm sure they set fire to it themselves," said a voice behind me as tens of thousands gathered to watch the blaze.

Black limousines drove up. I saw Adolf Hitler, propaganda chief Joseph Goebbels and Hermann Goering.

Four weeks earlier Hitler had been appointed chancellor by the aging Reichspresident, Field Marshal Paul von Beneckendorff and Hindenburg.

The Nazis were not yet firmly established. In the elections in November 1932, they had lost two million votes. Their seats in the Reichstag had been cut from 230 to 196; the Communists were the biggest gainers.

With the next general election just one week away, the fire could not have been timed better for the Nazis. Hitler called it the signal

Rolling Out the Red Carpet

BOISE, Idaho (AP)—The Idaho Highway Board has decided to paint the first 80 feet of all 25 highways entering the state a bright red.

The purpose is to give special welcome during 1963, Idaho's territorial centennial.

A sign will say, "We've rolled out the red carpet for our 100th birthday."

for a nationwide Red uprising. Hundreds of Communists were thrown into jail, many beaten to death or shot.

Marinus van der Lubbe, a 24-year-old Dutch worker and independent Communist, was arrested inside the burning Reichstag. He told police he had no helpers in setting the fire within days. Ernest Torgler, parliamentary leader of the Communist party, and three Bulgarian Communists were arrested and charged with plotting the fire.

Van der Lubbe was sentenced to death by guillotining. Torgler and the three Bulgarians were acquitted for lack of evidence—courts had not yet been completely Nazi-fied.

Scores of books have been written about the fire. Some contend that Van der Lubbe was a Nazi stooge.

Ex-Col. Gen. Franz Halder, former German army chief of staff, said after the war he heard Goering boast of having laid the fire.

Three years ago, Fritz Tobias, a German amateur historian who interrogated all survivors, theorized in a widely discussed book that Van der Lubbe acted alone and was a latter-day Guy Fawkes who wanted to alert the world to the Nazi danger.

While the Nazis blamed Communists for the fire, most historians believe the Nazis started it. I am convinced the fire was laid by the Nazis.

One week after the fire, the Nazis polled 52 per cent of the popular vote in a general election. The Nazis were on their way to their "1,000-year Reich" which collapsed in the ruins of war in a little more than a decade.

Men Killed in Crash to Be Buried

By ELTON C. FAY

WASHINGTON (AP) — Eleven airmen who died together 19 years ago will finally be put to rest today in a single grave not far from the Tomb of the Unknowns.

The 11 were killed when their 5th Air Force B25 smashed into the side of a tropical mountain in New Guinea on Feb. 1, 1944.

For 17 years their fate was a mystery. The plane had been on a ferrying mission from Dobodura to Port Moresby. The last word heard from the plane was that it had run into bad weather and was turning back. Then silence.

After a number of unsuccessful searches, a U.S. Army-Australian search party in April 1961 found the wreckage, and the remains of the men, 10,500 feet up on Mt. Kenevi in the Owen Stanley Range. It was one of a dozen such wreckage found in the New Guinea wilderness since World War II.

Recently, the Defense Department brought the crew's remains home, arranged for military hon-

ors and burial in Arlington National Cemetery, and brought the next of kin to Washington for the funeral today.

The 11 were: Sgt. Jack E. Beals, West Hollywood, Fla.; Staff Sgt. Marvin Culbreth, Deering Ga. Sgt. Harold B. Davis, Zanesville, Ohio; Lt. Angelo C. Dellisante, Corning, N.Y.; Sgt. Charlie G. Fann, Murfreesboro, Tenn.; Lt. Walter R. Gerry, East Providence, R.I.; Sgt. Raymond F. Greene, Norwood, Mass.; Cpl. Edward R. Howard, Hingham, Mass.; Capt. Rudolph W. Johnson, Muskegon, Mich.; Sgt. Milton S. Miller, Bridgeport, Conn.; Capt. Lamar S. Russell, Goldhill, N.C.

Says Robert Will Be 1968 Candidate

NEW YORK (AP)—Playwright Gore Vidal says Atty. Gen. Robert F. Kennedy will be the Democratic candidate for president in 1968 but "it will take a public relations genius to make him appear lovable."

Vidal a personal friend of several "would be a dangerously authoritarian-minded president." He also says the attorney general Kennedy, says in an article in Esquire magazine that the

President will be re-elected in 1964.

Vidal, a president of Tarrytown, N.Y., grew up for a time in the same Virginia home with the President's wife. They had the same stepfather.

Gore is the son of Mr. and Mrs. Eugene Vidal. Mrs. Vidal subsequently was married to Hugh Auchincloss, who later was married to Jacqueline Kennedy's mother, Mrs. John Bouvier.

Vidal a Democrat aligned with the liberal wing of the party, campaigned on the Kennedy platform in 1960 when he unsuccessfully ran for Congress in New York's 29th District, which includes five counties in the Hudson River Valley.

In the magazine article, Vidal says of 1968:

"There is no doubt that when Bobby goes before the convention in '68 he will seem beautifully qualified—and from the point of view of sheer experience he will be qualified."

"But there are flaws in his person hard to disguise. For one thing, it will take a public relations genius to make him appear lovable. He is not."

"His obvious characteristics are energy, indelicateness, and a simpleness about human motives which may yet bring him down."

"To Bobby the world is white or black. They and us. He has none of his brother's ease; or

charity."

The article says that while President Kennedy is perfectly suited to the office, brother Robert is not.

A spokesman for Robert Kennedy in Washington said there would be no comment by him on the article.

He Batted Only 500 in This Deal

LITTLE ROCK (AP) — Perry County Rep. Paul Van Dalsem batted only .500 as a recruiter of votes today.

Van Dalsem was opposing an amendment to a proposed voter registration bill being considered by the House Rules Committee. The committee was voting on a motion to put a "do not pass" recommendation on the amendment and it was divided 3-3.

Van Dalsem recruited Hempstead County Rep. Talbot Field from another committee meeting, but Field voted against the Van Dalsem side and the "do not pass" recommendation was defeated.

The committee then received a motion for a "do pass" recommendation. Field had departed and the committee again was tied. "Get Mr. Field back" said Committee Chairman Glenn Walther, who favored the amendment.

"You get him back," said Van Dalsem. "He's on your side."

While the pro-amendment forces scuffled after Field, Van Dalsem brought in Mississippi County Rep. L. H. Autry, who voted with Van Dalsem and deadlocked the committee 4-4.

The amendment, which would strike a provision that the voter registering must declare his party affiliation, will be sent to the House floor without recommendation.

The committee put a "do pass" recommendation on the bill itself, and the House now has two voter registration bills to consider. One has a modest literacy requirement. The one considered today does not.

Boyer Breaks Records in Hog Victory

FAYETTEVILLE, Ark. (AP)—Tommy Boyer broke two records and edged toward another Tuesday night in Arkansas' 82-79 overtime defeat of Southern Methodist University in Southwest Conference basketball.

He became the third Arkansas player to top 1,000 in three seasons and established a new school record for that period, with 675 points.

Boyer hit 15 points Tuesday night to boost his season total to 1,012 points. The old record of 661 points in loop play was set by Clyde Rhoden.

Boyer is now 16 points away from becoming the fourth Razor-back to score 400 points in a single season. George Kok did it twice, in 1944-45 and 1947-48; Jerry Carlton in 1961-62 and Manuel Whitley in 1955-56.

The Porkers took an early, one-point lead and maintained it throughout the first three quarters. They came from the dressing room with a 3-point margin, 43-40, but with 11:03 remaining SMU's Bill Ward hit a 14-foot jump shot to set the score at 56-56. Jim Smith followed with another goal and the battle was on.

The Hogs managed to tie the score three times after that, but couldn't gain the lead until Jim Magness put on a one-man show. He hit two free throws, grabbed a couple of crucial rebounds and stole the ball, enabling the Porkers to gain a 74-72 lead with 55 seconds left.

Arkansas attempted a freeze, but Boyer didn't turn loose the ball quick enough and Dave Siegmund took advantage of both ends of his one and one charity shot, tying the regulation game 74-74.

Arkansas hit 8 points to SMU's 5 in the overtime session. Larry Wofford hit two free throws with 1:29 to go, giving the Porkers an 80-78 lead. Siegmund brought the Methodists to within one point with a free toss, but Boyer iced it with two more for Arkansas from the free throw line.

Arkansas and Rice now have identical 7-5 records, throwing them into a tie for third place in the SWC. The Porkers have a 12-10 season card. Southern Methodist is 5-7 in league play.

Amity Easily Wins in State Meet

LITTLE ROCK (AP)—Vandale meets Banks and Dyess takes on Vilonia today to close out the opening round of the Class B division of the state basketball tournament.

The first-round play Tuesday Amity thumped Swifton 71-47, Lake Hamilton trimmed Woodlawn 68-52, and Cedarville rolled over Hartford 79-49.

Yellville takes on Sparkman in a quarterfinal game. Milton Hancock came off the bench and led a second-half surge to give Amity its victory over Swifton. Curtis Hays led Amity with 18 points and Ronnie Winkle hit 22 for Swifton.

Lake Hamilton gained its victory by virtue of superior rebounding. Alvin Corder led the team with 23 points. Larry Stover paced Woodlawn with 18.

Otis Barnes dumped in 24 points to lead Cedarville to its defeat of Hartford.

Liston Battle Reset April 10

MIAMI BEACH, Fla. (AP)—After several days of sparring between promoters, managers, advisers, press agents—and incidentally Sonny Liston—the heavy-weight championship fight between Liston and Floyd Patterson has been put off until April 10.

Before anyone suggested publicly the wrangling over a postponement might be a gambit to attract national publicity, Liston's adviser, Jack Nilon, announced Tuesday that "he pulled a muscle and we've got X-rays to prove it."

Liston, who has not made a public statement since the fight over the fight began, said through a spokesman that he would resume training today, six days after reportedly injuring his knee while swinging a golf club.

"No matter what anyone says, we wanted this fight on the fourth (of April) as originally scheduled," Nilon insisted.

Arkansan Is Found Dead

BROWNSVILLE, Tex. (AP)—Earl Henry Crosley, about 45, of Corning, Ark., was found dead here last Saturday. Brownsville police said Monday.

Police made the identification from correspondence from Arkansas. There was no wallet or money on the body.

The man apparently rolled over in his homemade plastic tent into a fire which he had built, police said. The body was found by a Brownsville man and his two sons.

Paul R. Dye, Justice of the Peace, ruled death from suffocation.

Cincy Has to Come From Behind to Win

By JIM HACKLEMAN

Associated Press Sports Writer

Since Ed Jucker became Cincinnati's basketball coach three seasons ago the Bearcats have compiled a phenomenal average by winning 'em any and all ways. They've breezed in and they've squeezed by, they've steamed from behind and they've led wire to wire. One way or another Cincy has won an average of 13 of 14 starts under Jucker—78-6 overall for a .929 percentage—and has captured two straight national titles.

Thursday night the Bearcats used what might be called the come from behind and coast in technique for a 72-61 victory over crosstown rival Xavier at Cincinnati Gardens. The Musketeers whipped to a 19-9 lead, but Cincinnati outscored them 28-9 in the next 12 minutes before intermission and ran its season mark to 22-1.

Elsewhere, Wichita combined dazzling foul shooting and a last-second shot that was called good on the goal-tending rule for a 60-58 decision at Texas Western; Connecticut snarled up the Yankee Conference race by spanking New Hampshire on the Union floor, 102-72; Eastern Kentucky's home court 101-84 romp against Morehead and East Tennessee's 80-79 squeaker at Western Kentucky scrambled up the Ohio Valley title fight; and Santa Clara made it a three-way deadlock for first in the West Coast Athletic Conference, nipping San Francisco 66-65.

Wichita pulled a 4-minute stall with the score tied at 58-58, then gave the ball to Wayne Durham for a last shot which was grabbed by Texas Western's Jim Barnes.

The referee called goal tending on Barnes, however, as time ran out. Providence's NIT-bound riars whipped St. Joseph's of Philadelphia, an NCAA entry, 83-64. Miami of Florida avenged an earlier upset by pulling away in the second half for a 75-60 victory over Stetson, Texas' Southwest Conference champions won their 12th straight, 77-59 over Rice.

In other games it was Pitt 68, Carnegie Tech 60; Memphis State 90, Centenary 79; LaSalle 75, Georgetown 72; Holy Cross 64; Boston College 59; Duquesne 78.

Emerson in Win in State A Tourney

LITTLE ROCK (AP)—Manila, utilizing the rebounding and ball-handling abilities of Tommy Towles, remained in the running in the Class A division of the state basketball tournament Tuesday, defeating Judsonia 69-64.

Manila is defending champion in the tourney. Tuckerman downed Clarksville 59-55 in an overtime game and Emerson defeated Fuller 70-53 in night games.

In today's action Marianna takes on Marshall at 10:50 a.m., White all meets Gosnell at 1:30 p.m. and Sheridan meets Green Forest at 8:50 p.m. in a quarterfinals.

Danny Wood sank six points in the last period to pull Judsonia within one point, 63-62, with a minute to go. But Kenneth Morris and Gary Wells each added three points during the remaining time, to pull the game out of the fire.

Towles led Manila with 14 points and Woods paced Judsonia with 30.

Clarksville knotted the regulation score 48-48, but Larry Seward ruined its hopes with 8 points in the ensuing overtime.

Emerson had an easy time of it with hapless Fuller. Louis Butler hit 23 points to lead the victors. Kenny Williams scored 17 for Fuller.

Hendrix Award

CONWAY, Ark. (AP)—The Carnegie Corp. of New York has awarded \$900 to Hendrix College so the school can buy a set of 1,500 color slides entitled "Arts in the United States." Hendrix will pay another 900 to get the slides, which survey art in America from the 17th to the 20th Century.

Dr. Stanley Gooch is going to join the residents of Tristan da Cunha when they start returning to their bleak, volcano-scarred island in the South Atlantic next month.

Gooch, their British doctor, has not been able to settle down to life in England, especially Britain's socialized medical system, which he said has completely destroyed the relationship between doctor and patient. He left Tristan da Cunha two years before volcanic eruptions forced its 260 inhabitants to flee to England in 1961.

Leon Goossens, world-famous oboe player whose career once seemed shattered by injuries suffered in an auto crash, said in London, England, that he hopes to return to the concert platform in April.

Goossens, 65, had 150 stitches in mouth wounds after the crash last year. He lost all his lower teeth.
